

# PABLO RUEDA

Junior Front-end Developer

## PROFILE

---

I learnt about coding for the first time while studying a MSc in Statistics (with R and Python). Since then, I have cultivated an increasing passion, getting focus on HTML5, CSS and ES6 Javascript.

## PORTFOLIO <https://pablorueda.com/>

---

## SKILLS

---

- **Code:** HTML, CSS, SASS, Javascript, React, Gatsby
- **Languages:** English, Spanish

## EXPERIENCE

---

### Web Development

- I developed multiple web projects, either as a practise or for clients as a freelancer. Mainly, I use the React / Gatsby framework to design static sites
- To format the web, I use SASS to compile CSS. I also tend to use design frameworks as Materialize and Material UI

**Project Manager** - *Nielsen, London, United Kingdom* Jul. 2019 – Dec. 2020

- Transform stakeholder needs in achievable goals, define deadlines and priorities for the team
- Support in software preparation, using R script, Excel files and Tortoise SVP
- Managed the projects and extracted reports about the team performance using Jira
